ABOUT MICHIGAN ROUNDTABLE

We are a 78 year-old organization that has been on a journey of bridging the gap of diversity and inclusion through a racial and social justice lens. We do this work through listening to those most impacted by systemic oppression, and amplifying their voices related to structural and institutional racism and the resulting inequities. We empower youth and equip adult leaders in helping them become advocates and organizers in their communities, and organizations to engage community members resolving their differences by working to advance inclusion and speaking against hate and racism as it manifests itself in Michigan. We work with multiple stakeholder groups, e.g., neighborhoods, grassroots organizations, community non-profits, law enforcement, educators, faith community, business and government to help make the places we work and live become places where all people are welcome and treated fairly. We do our work in three primary areas: Community Engagement, Cultural Competency and Organizational Development, and Youth Leadership and Organizing.

OUR MISSION

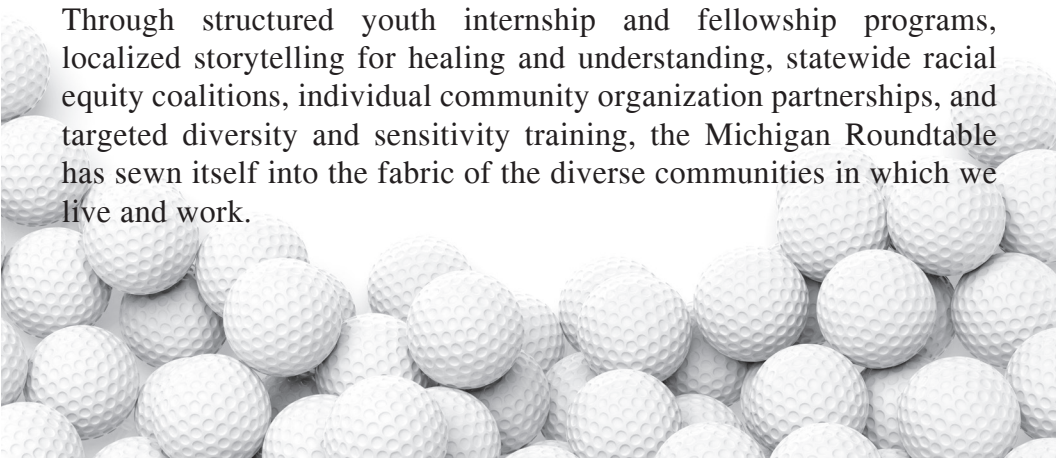

Serving as a catalyst for change, we develop, organize and empower individuals and communities to advance equity and opportunity for all.

OUR VISION

A Just and United Michigan, transformed through inclusion, equity and opportunity for all.

WHERE YOUR SUPPORT GOES

Through structured youth internship and fellowship programs, localized storytelling for healing and understanding, statewide racial equity coalitions, individual community organization partnerships, and targeted diversity and sensitivity training, the Michigan Roundtable has sewn itself into the fabric of the diverse communities in which we live and work.
